

RObust

High performance
water purifier

Model: **Ecosoft RObust**

Flow capacity, L/hour*:	60
Recommended volume per day, L/day:	500
Maximum volume per day, L/day:	1 440
Membrane service life, L**:	24 000
Prefilter cartridges service life, L**:	8 000
Inlet pressure, bar.:	2-5
Temperature of water, °C:	4-30
Electrical rating:	230 V, 50 Hz
Power:	80 W
Dimensions, mm (H x W x D):	420 x 425 x 220

* At 25 °C feed water temperature, 1000 mg/L mineralization
** Provided that feed water meets potable water quality criteria

PACKAGE:

- RObust water purification system
- Faucet for purified water
- Connection fitting pack
- Housing wrenches
- Instruction manual

Hot drinks brew stronger with purified water. Your tea and coffee will acquire a richer taste and pronounced flavor.

Robust water purifier is a source of truly enjoyable and healthy drinking water free of toxic impurities and harmful microorganisms.

Water purified with
RObust,

has an average
8-fold lower
cost than bottled
water

which allows to
recover the initial
investment
in **2-3** months*

* At 200 L/day production of purified water

Water purified with Robust does not form scale on heating elements of coffee brewing machines and kettles. This ensures best protection of your appliances and extends their life.

FILMTEC® RO Inside
Perfecting Water Quality

RObust water purifier contains genuine Dow Filmtec membranes produced in the USA. State of the art membrane leaf manufacturing technology lends Filmtec membranes 20% higher flow capacity than that of similar products.
